

2nd November 2020

Dear Member

Following on from my previous update last month you will be are aware, training had resumed at Norton on the 15th October which went well and the feedback from members was very encouraging and positive. I'm sure the efforts we made as a Committee to restart the club were appreciated.

Following the recent Government announcement at the weekend about the new restrictions to prevent the spread of COVID-19, we feel we have no alternative but to cancel training with immediate effect. The nature of the lockdown and the length of time which may be imposed we think it would be prudent to cancel the sessions until the new year. We will then review our options once the outcome of the lockdown is known.

The safety of our members and your families is our utmost priority and I appreciate it is not the news many members wanted but I feel that it's the right course of action to take.

I have informed Norton Sports Complex of our decision and am sure that the other sports will be taking a similar view. If you have any further questions or any feedback about this update, please contact me directly at [paul@assetprop.co.uk](mailto:paul@assetprop.co.uk)

Yours sincerely

Paul Edwards  
Chairman  
Billingham Marsh House Harriers
